COMMITTEE REPORTS

Mr. Oberdorf presented the recreation committee report of August 21, 2008. (See attached minutes) Mayor Verbosky asked if Mr. Kovasevic had sent a letter to the school board regarding a student representative. Mr. Oberdorf said the board has a student in mind but as only a junior Mr. Kovasevic is to check with school superintendent first. The mayor said he had attended the recreation forum on September 15 and while the turnout was small he applauded Mr. Kovasevic for putting it on.

Mr. Richards moved and Mr. Oberdorf seconded the motion to accept the report as given. All ayes. Motion carried.

REPORT OF MAYOR AND/OR ADMINISTRATOR

Mayor Verbosky said council had been provided information by Mr. Heban regarding the sidewalk assessment process. The mayor would like to see a commitment to taxpayers that a coordinated effort to repair sidewalks will be made in 2009. At the mayors request Mr. Heban gave an update on the progress of the sidewalk handicap ramp replacement and said the city had met the requirement as specified in the five year plan.

Mr. Ciecka said Waste Management has offered an optional program for wheeled 96 gallon waste carts. Rent would be \$3 a month for the cart and Waste Management would handle the delivery of and billing for the carts. He wondered if council was interested in this program. Mr. Oberdorf asked if it was optional to use the cart and was told it was a totally optional program. Mr. Oberdorf also asked about the recycling program at Charles Crest and was told it would begin October 1. Mr. Marquette asked about the cart versus the current three can limit and was told one cart replaces 3 garbage cans. Mr. Marquette also asked whose responsibility it would be if a cart was damaged and Mr. Ciecka said he would get an answer on that. Mrs. Eckel wondered if you rented the cart for a period of time if you would eventually own it. Mr. Ciecka said you would not own it but that could be part of next year's contract renewal discussions. Mr. Michaels asked how the cart is handled and was told that a claw/arm lifts and dumps in the truck. Mr. Ciecka said the advantage is you have one container versus three and thus it is neater. Council was not opposed to Mr. Ciecka pursuing this program.

Mr. Richards moved and Mr. Oberdorf seconded the motion to read by title only. All ayes. Motion carried. Mr. Ciecka said he is requesting an appropriation of \$10,000 to the drug fine fund as no money was budgeted to that line item. It will be used to join the LEADS system to use with the mobile terminals in the police cars. The cost is \$6500 and the remaining \$3500 will be kept for needs later in the year. The money can only be used for drug enforcement activity. Mr. Marquette asked what the \$6500 was for and was told for the annual subscription to the LEADS system. Mr. Hermes said we dropped this once before and why are we seeking to join again. Mr. Ciecka said it was stopped previously because it was a general fund expense and now will be a drug enforcement expense. Mr. Richards said it allows the officer to spend more time in the public view. Mr. Hermes asked how and was told by Mr. Heban that the officer will be able to write his reports while in the police car. Mr. Hermes said there are computers in the cars now so why are they not doing that already and was told by Mr. Ciecka that there are problems with the older computers and reports cannot be written. Mr. Oberdorf said he has heard a number of advantages to having LEADS discussed and wondered if this has been proven in other departments. Mr. Ciecka said this is the trend right now. Mr. Kovach said it seems we are already paying for the LEADS system through our \$125,000 annual cost for dispatching and it seems more cost effective to continue going through dispatch for this information. This seems like a duplication of services and redundant. Mr. Richards said that as it seems there are several questions about this he would suggest discussing this at a safety committee meeting and give this a second reading only. Mayor Verbosky asked that Mr. Ciecka check with a couple of area police departments on their use of LEADS. Mrs. Eckel said she would like more information on this prior to the safety committee meeting. This was given a second reading only.

**#2008-47 – AN ORDINANCE APPROVING AN AGREEMENT BETWEEN THE TOLEDO-LUCAS COUNTY PORT AUTHORITY AND THE CITY OF ROSSFORD TO DISPOSE DREDGED MATERIAL FROM THE CITY OF ROSSFORD MARINA AT PORT AUTHORITY'S FACILITY NO. 3 CONFINED DISPOSAL AREA; AND DECLARING AN EMERGENCY.**

Mr. Oberdorf moved and Mr. Richards seconded the motion to read by title only. All ayes. Motion carried. Mr. Ciecka said this ordinance will permit disposal of marina dredged materials at the Toledo/Lucas County Confined disposal facility and that the dredging bid in Ordinance 2008-49 was based on the assumption that materials would be taken to this facility. Mr. Marquette asked if there was a cost for this and was told yes but the cost were part of the bid for dredging. Mr. Michaels asked what the total sum of the grant was and was told \$137,922. Mayor Verbosky asked when dredging would start and was told October 13 or 14 after the marina closes. Mr. Marquette asked if there was an advantage to dredging in the fall and Mr. Ciecka responded that the grant requires it be done now. Mr. Hermes moved and Mr. Oberdorf seconded the motion to suspend with the second and third readings. Audience comments were requested and none received. Vote on the motion all ayes. Motion carried. Mr. Oberdorf suggested that due to some extenuating circumstances presented at the finance committee meeting he would recommend this be given a first reading. This was given a first reading only.

**#2008-49 – AN ORDINANCE AUTHORIZING THE AWARD OF A CONTRACT FOR THE DREDGING OF THE ROSSFORD MARINA; AND DECLARING AN EMERGENCY.**

Mrs. Eckel moved and Mr. Oberdorf seconded the motion to read by title only. All ayes. Motion carried. Mr. Ciecka said only one bid had been submitted for this project that was put together in 2006. He said this need to be done fairly quickly based on the Corp of Engineers grant. The local share will be covered by the marina fund. Mr. Hermes asked how this was bid and was told by Mr. Ciecka bid was based on taking down to a certain depth and an estimate of cubic yards to be removed based on soundings. Mrs. Eckel moved and Mr. Marquette seconded the motion to

suspend with the second and third readings. Audience comments were requested and none received. Vote on the motion all ayes. Motion carried. Mr. Richards moved and Mr. Oberdorf seconded the motion to read by title only. All ayes. Motion carried. Mayor Verbosky asked council to table this based on current events regarding TARTA and assorted resolutions and the fact that the only application received was from a former TARTA employee. Mr. Hermes asked if the position was currently vacant and was told yes. Mr. Oberdorf agreed that with the ongoing transit forum and other things going on with TARTA it would be prudent to table. Mr. Hermes said this approves the millage value as set by the auditor. He noted that several levies end in 2008 for collections in 2009 and that we will need to renew in 2009 to collect in 2010.
